

LIST OF WELL-BEING INDICATORS

| Area of well-being | Subarea of well-being | Indicator code | Indicator rank | Indicator |
|-------------------------------|---|----------------|--|--|
| 1. MATERIAL WELL-BEING | 1.1. Income of the population | 1.1.0 | Headline | <i>Gross adjusted disposable income of households and NPISH per capita, in EUR and in PPS</i> |
| | | 1.1.1 | Supplementary | Average monthly gross earnings, in EUR |
| | | 1.1.2 | Supplementary | Average pensions (gross/net) per recipient, in EUR and in PPS |
| | | 1.1.3 | Supplementary | Inequality of income distribution: income quintile share ratio (80/20), ratio |
| | | 1.1.4 | Supplementary | Inequality of income distribution: Gini coefficient, in % |
| | 1.2. Property of the population and economic security | 1.2.0 | Headline | <i>Household financial assets per capita, in EUR</i> |
| | | 1.2.1 | Supplementary | Household indebtedness, in % |
| | | 1.2.2 | Supplementary | Value of the housing fund owned by households, in EUR |
| | | 1.2.3 | Supplementary | Life insurance premiums as a percentage of GDP, in % |
| | 1.3. Poverty and social exclusion | 1.3.0 | Headline | <i>At-risk-of-poverty rate, in %</i> |
| | | 1.3.1 | Supplementary | Inability to make ends meet, in % |
| | | 1.3.2 | Supplementary | Material deprivation rate, in % |
| | 1.4. Consumption | 1.4.0 | Headline | <i>Final consumption expenditure of households and NPISH per capita, national concept, in EUR and in PPS</i> |
| | | 1.4.1 | Supplementary | Actual individual consumption per capita, national concept, in EUR and in PPS |
| | | 1.4.2 | Supplementary | Household consumption per capita, domestic concept, in PPS |
| | | 1.4.3 | Supplementary | Household consumption per capita, domestic concept / structure of household consumption, in EUR (%) |
| | 1.5. Work and employment | 1.5.0 | Headline | <i>Employment rate for the population aged 20–64 years, in %</i> |
| | | 1.5.1 | Supplementary | Employment rate of young persons (age group 20-24 years), in % |
| | | 1.5.2 | Supplementary | Employment rate of older persons (age group 55-64 years), in % |
| | | 1.5.3 | Supplementary | Average number of hours actually worked per week, in hours |
| 1.5.4 | | Supplementary | Persons in temporary employment, in % | |
| 1.5.5 | | Supplementary | At-risk-of-poverty rate of persons in employment, in % | |
| | | 1.5.6 | Supplementary | Unemployment rate, age group 15-74 years, in % |

| | | | | |
|-----------------------------|-----------------------------|-------|---------------|--|
| | | 1.5.7 | Supplementary | Long-term unemployment rate, in % |
| | | | | |
| | 1.6. Housing | 1.6.0 | Headline | <i>Housing deprivation rate, in %</i> |
| | | 1.6.1 | Supplementary | Overcrowding rate, in % |
| | | 1.6.2 | Supplementary | Housing cost overburden rate, in % |
| | | | | |
| 2. SOCIAL WELL-BEING | 2.1. Satisfaction/happiness | 2.1.0 | Headline | <i>Life satisfaction, in %</i> |
| | | 2.1.1 | Supplementary | Happiness, average assessment |
| | | | | |
| | 2.2. Education | 2.2.0 | Headline | <i>Share of the population with at least upper secondary education, in %</i> |
| | | 2.2.1 | Supplementary | Share of the population with tertiary education, v % |
| | | 2.2.2 | Supplementary | Share of the population aged 30-34 with tertiary education, in % |
| | | 2.2.3 | Supplementary | Graduates of maths, science and technology fields as a share of all tertiary education graduates, in % |
| | | 2.2.4 | Supplementary | Reading, scientific and mathematical literacy (achievements of 15-year-olds on the PISA scale), in points |
| | | 2.2.5 | Supplementary | Share of early school leavers, in % |
| | | 2.2.6 | Supplementary | Participation of children in pre-school education from age 4 to entering compulsory education, in % |
| | | 2.2.7 | Supplementary | Participation of adults in lifelong learning, in % |
| | | 2.2.8 | Supplementary | Young people neither in employment nor in education and training, in % |
| | | | | |
| | 2.3. Health | 2.3.0 | Headline | <i>Life expectancy at birth (men, women), number of years</i> |
| | | 2.3.1 | Supplementary | Healthy life years at birth, (men, women), number of years |
| | | 2.3.2 | Supplementary | Potential years of life lost, (men, women), number of years |
| | | 2.3.3 | Supplementary | Cancer mortality rate, per 100,000 population, number |
| | | 2.3.4 | Supplementary | Suicide mortality rate, per 100,000 population, number |
| | | 2.3.5 | Supplementary | Share of overweight children (6 to 15 years of age), in % |
| | | 2.3.6 | Supplementary | Share of regular (daily) smokers aged 15+, in % |
| | | 2.3.7 | Supplementary | Self-reported unmet needs for medical examination by income quintile, in % |
| | | 2.3.8 | Supplementary | Self-perceived long-standing limitations in usual activities due to health problem for people aged 65+, in % |
| | | | | |
| | 2.4. Social climate | 2.4.0 | Headline | <i>Trust in institutions (parliament, government, political parties, EU), in %</i> |
| | | 2.4.1 | Supplementary | Trust in the legal system, average assessment |
| | | 2.4.2 | Supplementary | Satisfaction with democracy, average assessment |

| | | | | |
|------------------------------------|--------------------------|-------|---------------|--|
| | | 2.4.3 | Supplementary | Voter turnout, in % |
| | | 2.4.4 | Supplementary | Women in parliament, in % |
| | | 2.4.5 | Supplementary | Trust in other people, average assessment |
| | | 2.4.6 | Supplementary | Contacts with relatives, friends, colleagues, in % |
| | | | | |
| | 2.5. Personal security | 2.5.0 | Headline | <i>Mortality due to assault per 100,000 inhabitants, number</i> |
| | | 2.5.1 | Supplementary | Share of respondent or household member who have been victims of a burglary or assault in the last five years, v % |
| | | 2.5.2 | Supplementary | Share of persons feeling safe when walking alone in a local area after dark, in % |
| | | 2.5.3 | Supplementary | Mortality due to transport accidents, per 100,000 inhabitants, number |
| | | 2.5.4 | Supplementary | Trust in the police, average assessment |
| | | | | |
| | 2.6. Communication | 2.6.0 | Headline | <i>Broadband Internet access in households, in %</i> |
| | | 2.6.1 | Supplementary | Mobile telephony, number of subscribers per 100 inhabitants |
| | | 2.6.2 | Supplementary | Share of persons using the Internet for interacting with public authorities, in % |
| | | | | |
| | 2.7. Culture and leisure | 2.7.0 | Headline | <i>Satisfaction with distribution of time (work, other), average assessment</i> |
| | | 2.7.1 | Supplementary | Share of people for whom it has been difficult to fulfil family responsibilities at least several times a month because of the amount of time spent on the job, in % |
| | | 2.7.2 | Supplementary | Share of persons aged 15+ reading the written press, listening to the radio and watching television at least once a week, in % |
| | | 2.7.3 | Supplementary | Average number of library units borrowed from public libraries per inhabitant, number |
| | | 2.7.4 | Supplementary | Average number of cultural events attended by an inhabitant, number |
| | | | | |
| 3. ENVIRONMENTAL WELL-BEING | 3.1. Land and ecosystems | 3.1.0 | Headline | <i>Farmland birds index, index</i> |
| | | 3.1.1 | Supplementary | Species of European interest – conservation status, in % |
| | | 3.1.2 | Supplementary | Natura 2000 areas, in % |
| | | 3.1.3 | Supplementary | Built-up areas, in % |
| | | 3.1.4 | Supplementary | Utilised agricultural areas, in % |
| | | | | |
| | 3.2. Air | 3.2.0 | Headline | <i>Urban population exposure to air pollution by particulate matter, in $\mu\text{g}/\text{m}^3$</i> |

| | | | | |
|--|-------------------------|-------|---------------|--|
| | | 3.2.1 | Supplementary | Urban population exposure to air pollution by ozone, in $\mu\text{g}/\text{m}^3$ |
| | | 3.2.2 | Supplementary | Emissions of acidifying substances, index |
| | | 3.2.3 | Supplementary | Emissions of ozone precursors, index |
| | | 3.2.4 | Supplementary | Emissions of particulate matter, index |
| | | | | |
| | 3.3. Water | 3.3.0 | Headline | <i>Nitrates in groundwater, in mg/l</i> |
| | | 3.3.1 | Supplementary | Quality of drinking water, in % |
| | | 3.3.2 | Supplementary | Water abstraction per capita, in m^3 |
| | | 3.3.3 | Supplementary | Groundwater recharge, annual average renewable volume of groundwater in shallow aquifers, in mm/year |
| | | 3.3.4 | Supplementary | Water quality, in % |
| | | 3.3.5 | Supplementary | Municipal wastewater treatment, in % |
| | | | | |
| | 3.4. Climate | 3.4.0 | Headline | <i>Severe weather warnings, number of days per year, index</i> |
| | | 3.4.1 | Supplementary | Greenhouse gas emissions per capita, in tons (CO_2 equivalent) |
| | | | | |
| | 3.5. Energy sources | 3.5.0 | Headline | <i>Share of renewables in gross final energy consumption, in %</i> |
| | | | | |
| | 3.6. Non-energy sources | 3.6.0 | Headline | <i>Domestic material consumption per person, in t</i> |
| | | | | |
| | 3.7. Waste | 3.7.0 | Headline | <i>Landfilled municipal waste per capita, in kg</i> |
| | | 3.7.1 | Supplementary | Municipal waste generated per person, in kg |
| | | 3.7.2 | Supplementary | Waste generated in production and service activities, in tons |

Note: In this overview only the three-digit code of the indicator is stated. Some headline and supplementary indicators are composed, and for them a four-digit code is used in the database.
